- Mathematical calculations

Awards

Finished the course | IT Step

2019 - 2021

I finished the course in IT Step Fundamentals of Programming, and after one year I decided to leave because I realized that I want to develop in the direction of the front-end. Python was studied in the course

JavaScript + React.js | Udemy

December 2022 -

Now I am actively taking a course on Udemy from Ivan Petrchinko. I have a lot of practice. Passed 70% of the course. I am studying React.js + Node.js now.

More practice | YouTube

2022 -

- ByteAcademy - advanced HTML&CSS
- JavaScript#30 - 30 days 30 projects
- FreeCodeCamp - Executed HTML CSS and JS
